

Merit Partners proudly presents

123s of Financial Reporting

Merit Partners is pleased to extend this invitation to our valued clients and guests to join us at our sponsored October Business Month presentation.

This workshop provides Boards, Management Committees, and anyone seeking to understand the “simplicities” of financial reports with easy-to-learn financial essentials to meet governance and accountability requirements.

MunLi Chee, Merit Partners Director, will present a “layperson” approach to assist you in your review of financial reports.

This is your chance to hear from the expert and to mingle with other local business owners and not for profit organisations after the presentation over a light lunch.
